

## NOTICE REMINDER OF KEY RULES

- To allow everyone the full enjoyment of Island tranquility, **noisy activities** (construction, lawn cutting, power washing, etc.) **are disallowed** before 8 am every day and after 5pm on Saturdays, Sundays and statutory holidays. Between June 24 and Labour Day, the restriction will include Saturday from 5pm, to Monday at 8am, as well as statutory holidays.
- It is imperative for safety reasons that the **pool gate be locked** when the pool is not in use.
- Please **do not congregate on the docks**, and let the passengers disembark before approaching the ferry.
- **Large or heavy items, or in large quantity** (including bags of earth, plants, construction materials, etc.) **must be transported on the barge and not on the ferry**. Please respect the captain's instructions.
- Kindly respect your neighbours' parking rights by advising your guests of the restricted availability of guest parking **only in the un-numbered spots at the far end of the lot** (marked with orange lines). Also remind your guests in advance of the parking fee (\$5 per car) and the ferry passage fees (\$5 per passenger), or arrange payment/tickets in advance.
- Household garbage must be placed in **"large" garbage bags only, securely tied, reasonably loaded**, and out of the reach of animals. Garbage not conforming will **not** be collected.
- When water levels are low, **barge capacity** may be reduced. Please coordinate in advance with Craig McEwen for any barge requirements.
- Kindly **leash your dog** on public properties, and move to the back of the Ferry with your pet.
- The **communal "ID/DI" carts** are for incidental delivery use only and should be returned to the ferry landing area promptly.

Thank you for your cooperation.
